1 January 2025

1 Text

“Quoted ‘and nested’” text, set with protrusion and expansion so that the margins look straight; the paragraph is long enough to have several lines and to need a little font expansion here and there, which microtype does in pdfTeX. See section 1, theorem 1, fig. 1, and table 1.

Theorem 1. *A theorem.*

- One
- Two
  - Inner

(a) Framed

(b) Plain
